JUSTO ZEAL

1.2.2

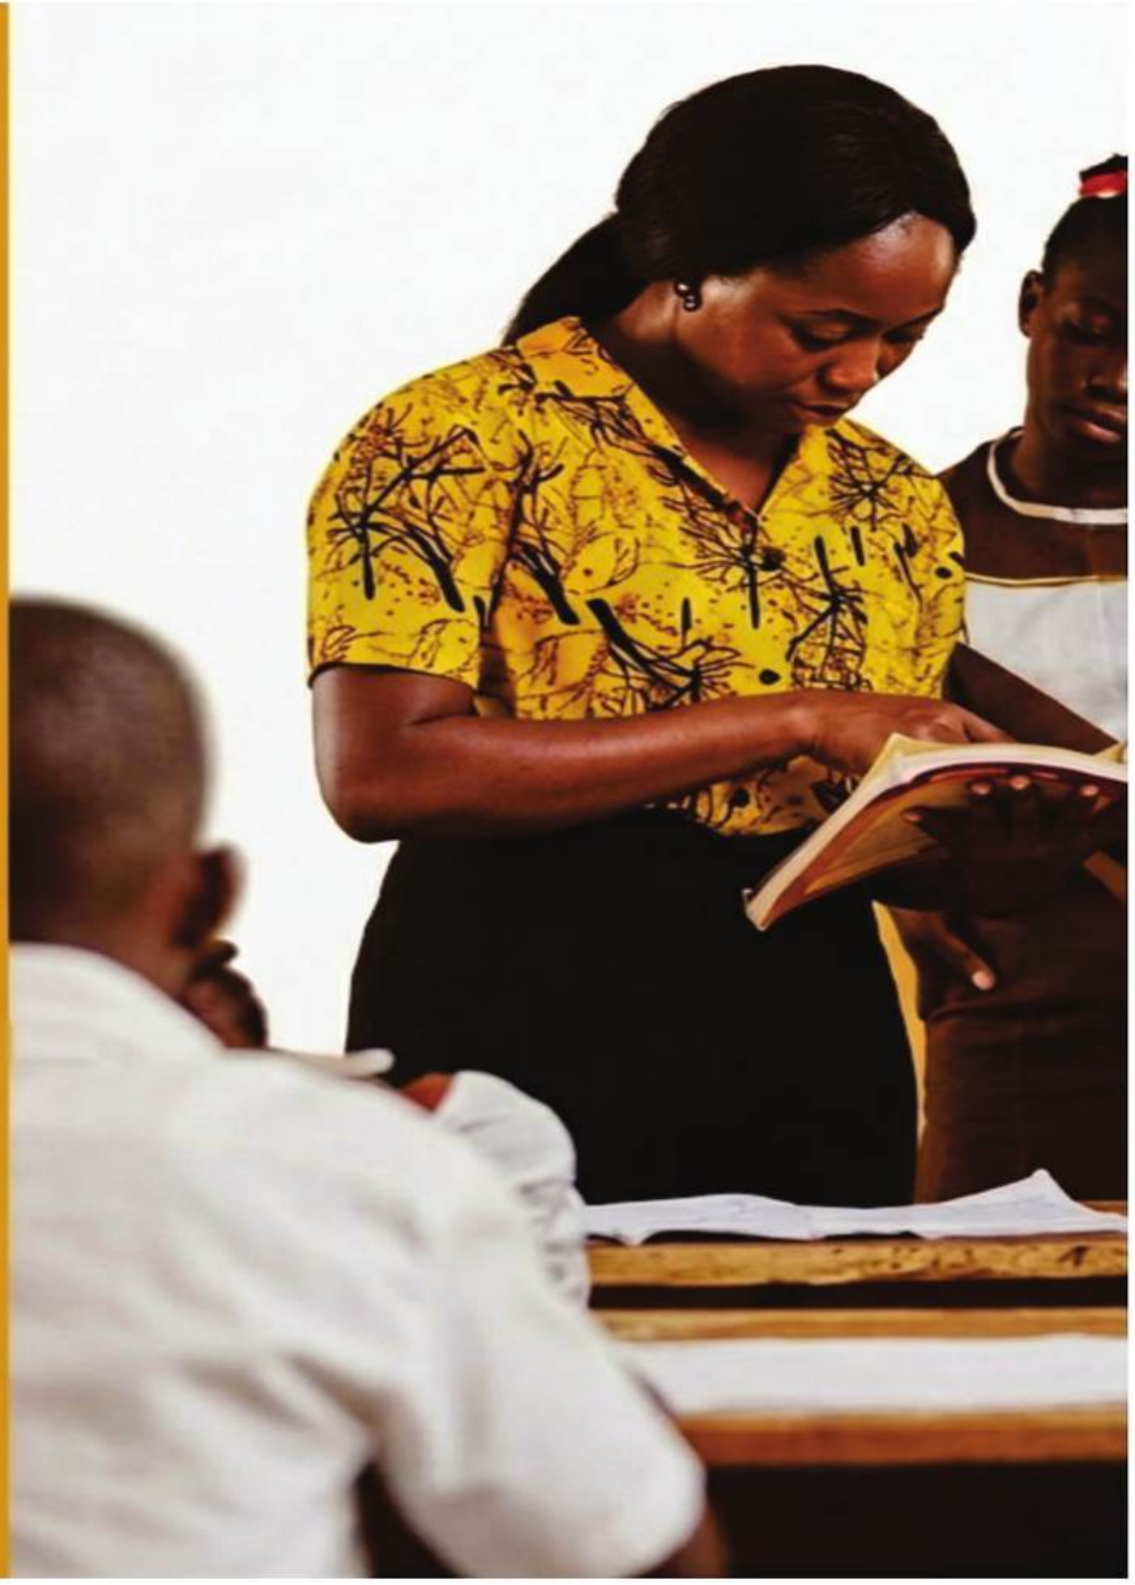

EnLightened Minds

The EnLightened Minds program is a solution aimed at transforming the learning and teaching experiences of students, pupils, and teachers in schools located in rural and general areas where there is no electricity supply.

The ultimate end is to push the needle right-wards in the area of national and regional exam results; these students and pupils participate by igniting the genius in them.

It is known that schools without electricity don't have motivated teachers and a student population who often abandon lectures for reasons as weak as poor lighting during cloudy periods and evenings. Teachers are faced with unconducive, poorly lit, and unventilated classrooms and offices. From smart homes to large-scale estates, industries, schools, and offices, there is now a pathway to improved conditions.

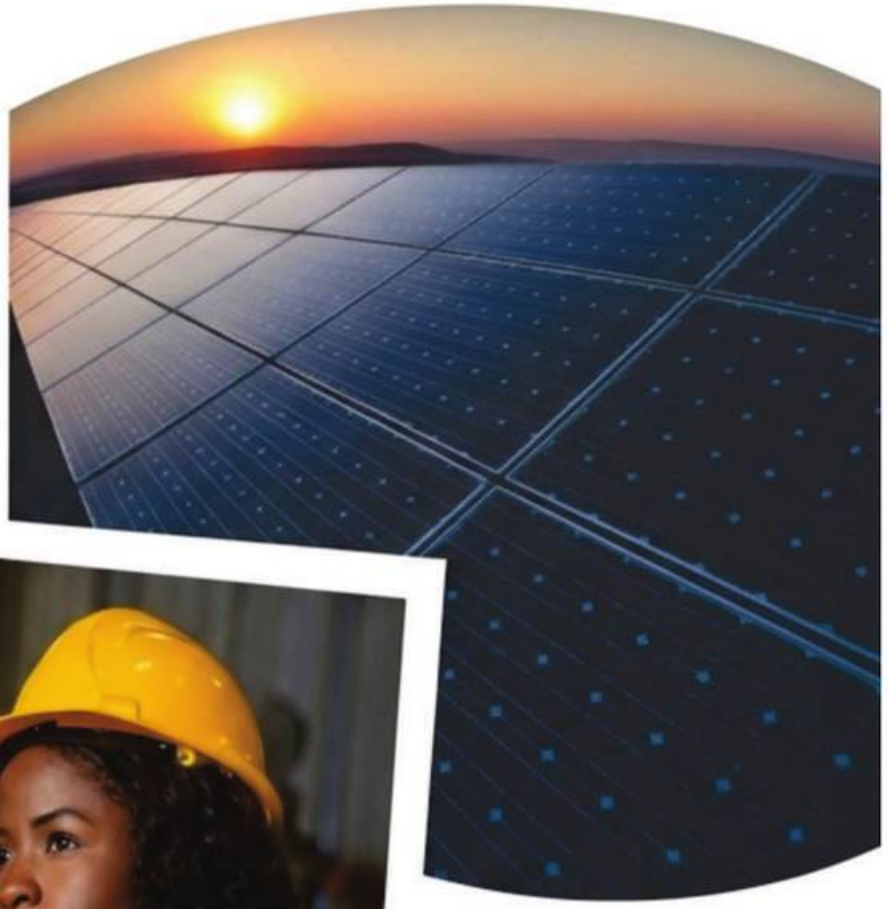

JUSTO ZEAL"s EnLightened Minds program is anchored on the public-private partnership philosophy, as the aim is to ensure deeper and wider penetration within the rural areas where some of these public schools are located.

JUSTO ZEAL

Our Mission

At JUSTO ZEAL, our mission is to empower Nigerians with affordable, high-quality solar power, advanced security, and intelligent home/building automation for complete peace of mind. We free homes, businesses, and industries from unreliable electricity and high costs through expert installation, reducing carbon footprints and powering a greener Nigeria—one trusted installation at a time. Powering progress. Securing futures. Sustaining tomorrow.

Our Goal

Our vision is to become Nigeria's foremost and most trusted leader in renewable energy and smart technology integration, delivering true energy independence and eliminating reliance on erratic grids and costly energy generatis. We lead the charge in security intelligence and robust network infrastructure, creating future-ready, efficient living and working environments for every Nigerian.

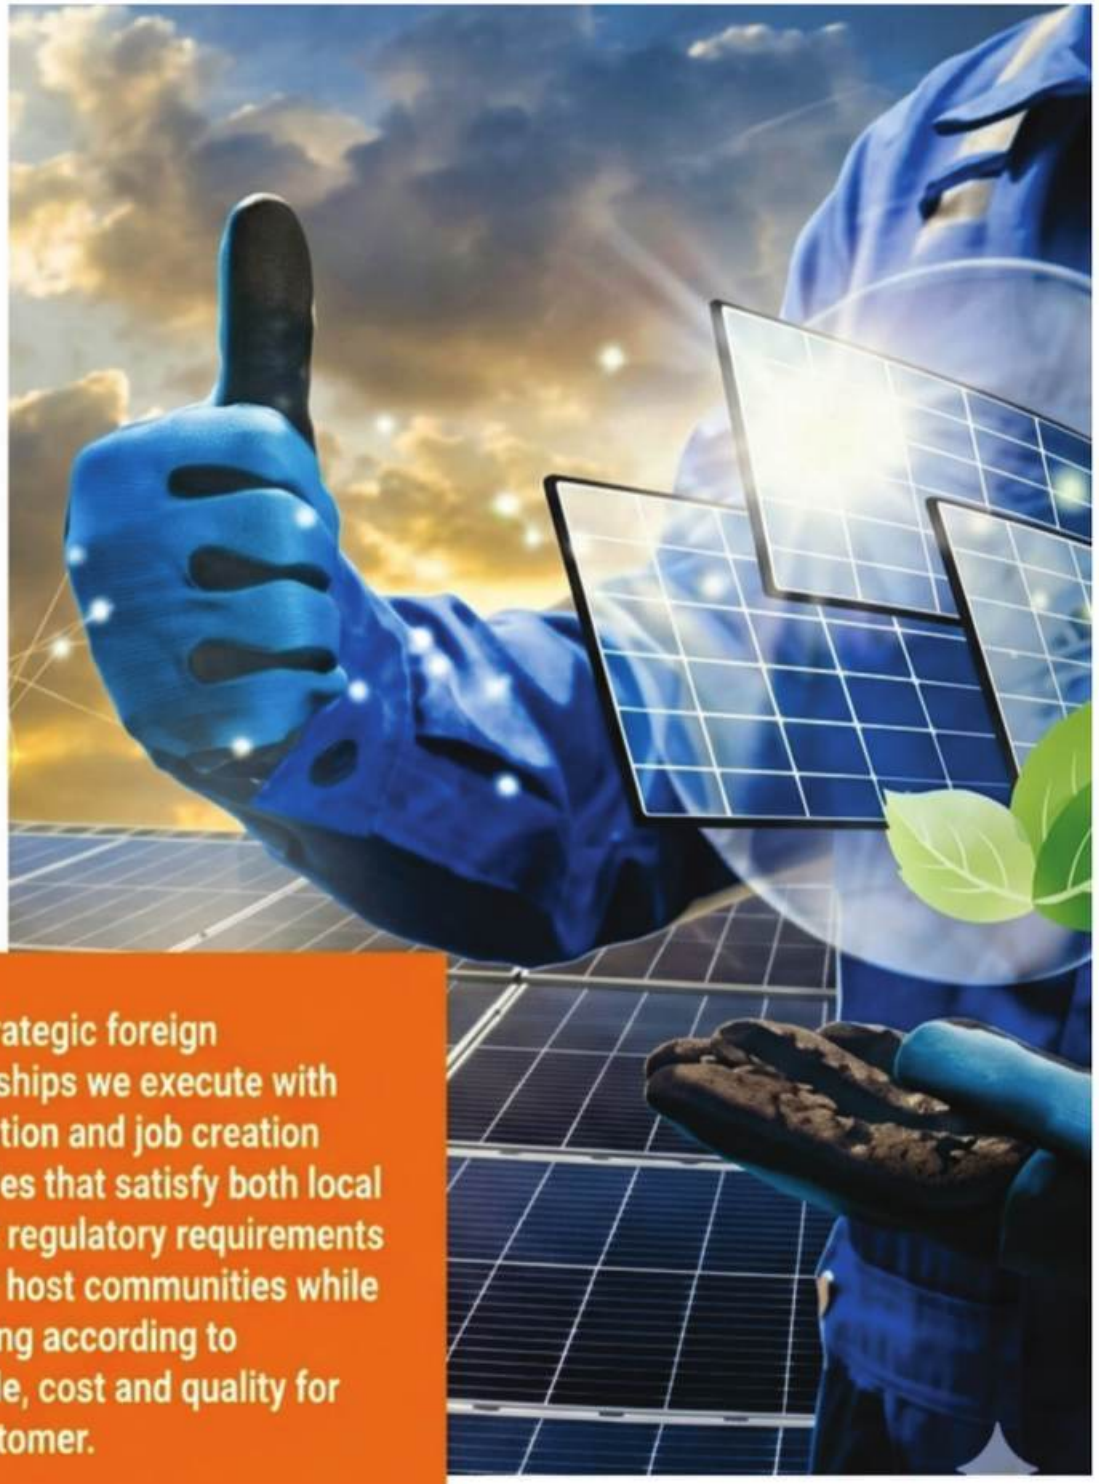

JUSTO ZEAL

Renewable Energy

Justo Zeal specializes in:

- **Solar:** EPC + Operation and Maintenance of small- and large-scale installations.
- **Wind:** EPC + Operation and Maintenance of small- and large-scale installations.
- **Hydro:** Operation and Maintenance of small- and large-scale installations.

With strategic foreign partnerships we execute with localization and job creation strategies that satisfy both local content regulatory requirements and our host communities while delivering according to schedule, cost and quality for our customer.

JUSTO ZEAL

Core Values.

As a company competing to win with that cutting edge differentiation, we are guided by core values which impact on the way we deliver for our customers

Safety

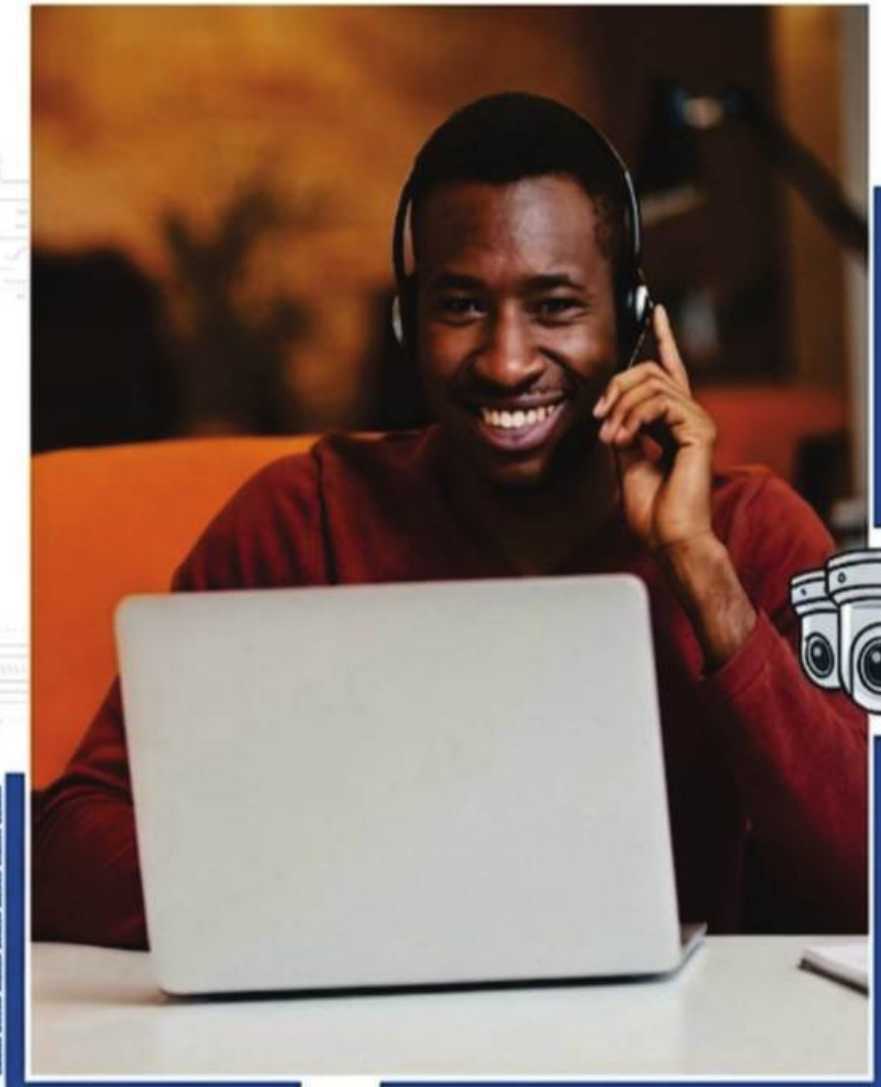

Quality

Integrity

JUSTO ZEAL

JUSTO ZEAL BAS General Services

Networking

JUSTO ZEAL will help you set up your home or small business with the latest devices: smart TVs and speakers, wireless enclosures, lighting controls, streaming media devices, game consoles, and connected appliances. For every residential project, new or retrofit, single and connected appliances. For every residential project, new or retrofit, single-family home or multi-dwelling unit, we shall be offering an unparalleled selection of structured a wiring, networking, audio, video, and telephone solutions.

Electrical Consultancy

Every successful project is preceded by careful system study of all possible phases from the operations, engineering fill the information management. JUSTO ZEAL's estimation team will engage customers to study and evaluate exact solar and CCTV surveillance system requirements. It contributes to your effective requirement of control strategies, process design, and business system integration to guarantee you are achieving most advantageous return on your plant investments. Once the study is complete, you will receive a full report on the findings and any corrective actions will be detailed.

Enterprise Security Solutions and Systems

At JUSTO ZEAL, we deliver world-class security intelligence and networking solutions. Founded on a passion for innovation, we empower Nigerian businesses and industries with cutting-edge security and intelligent automation.

1 Green Energy Solutions:

- **High-voltage solar power plants** and utility-scale installations.
- Industrial-grade inverters, lithium storage, and high-efficien.
- Full design, grid-tic engineering, and professional installation.

2 Security Intelligence & Networking:

- AI-driven security intelligence (AcuSense, facial recogniti.
- **Enterprise Networking:** Structured cabling, high-speed
- Smart building automation and integrated access control [etc.]

Surveillance Intelligence and Solar Systems

JUSTO ZEAL

At JUSTO ZEAL, we empower every Nigerian home and business to switch to solar power and smart living.
We deliver high-performance solar energy systems and advanced security intelligence, creating sustainable, connected, and safe environments.

Knowing there's no one-size-fits-all solution, we offer a tailored, direct approach to your energy and security transition.

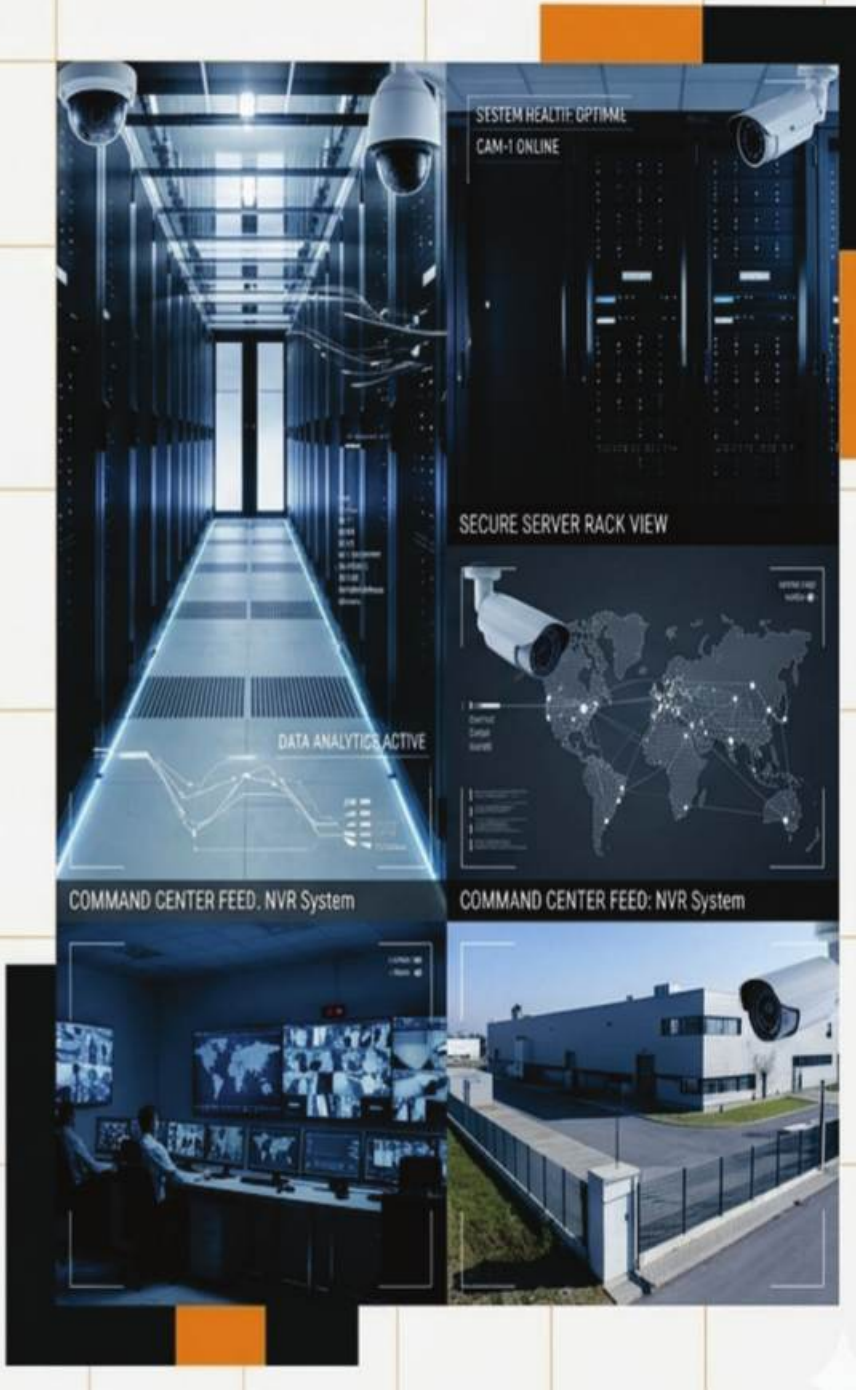

JUSTO ZEAL

Solar & Surveillance Solutions

JUSTO ZEAL combines high-skill and state-of-the-art technology to offer cost-effective high-voltage solar power plants. Transform properties into independent industrial and commercial energy sources. Integrated with these solutions is our range of Surveillance Intelligence services, providing a comprehensive, secure system. This means we deliver expanded value and peace of mind across various project scales.

- EPC Partnership for complete new unit solar and surveillance installations.
- Integrated O&M plus advanced data analytics services.
- System optimization, efficiency with trust, and outage management.
- Training and General Consultancy for combined systems.
- Comprehensive planning and dedicated personnel supply.

JUSTO ZEAL

Operation and Maintenance (O&M) Services

Operation & Maintenance (O&M) is a SERVICE COMMITMENT

- Expert maintenance of power plant and industrial rotating equipment.
- Full service covering cooling systems, compressors, pumps, and electric motors.
- Proactive O&M to reduce emissions and ensure industry-leading reliability.

JUSTO ZEAL

OUR CCTV: Smart surveillance for every space

We install professional Hikvision solutions (2MP/4MP, dome, bullet, hybrid light, ColorVu, and more), offering clear, reliable surveillance tailored for Nigerian homes and businesses. Our 24/7 operations, paired with 4-32 channel DVRs/NVRs, feature motion detection, night vision, PoE for easy wiring, and remote app viewing. This means huge security gains are within reach, transitioning properties to a digital foundation.

JUSTO ZEAL works to optimize thermal and security efficiency, using Green House Gas reducing footprints, even as we automate and digitize. Leverage the internet of surveillance (IoS) with IoT and AI to stay agile and secure.

Advantages

- **Crystal-clear** high-res imaging with low-light performance.
- **Smart Hybrid Light & ColorVu** for color night vision.
- **AcuSense AI** with human/vehicle focus.
- **Easy remote app access** to live feeds.

- **Easy remote app access** to live feeds.

Maintenance

Maintain smooth operations with simple tips: Clean lenses. Check camera positioning and angles. Update firmware. Monitor storage and recording status.

JUSTO ZEAL

Safety.

At the core of our values is safety and JUSTO ZEAL's desire for a safe, environmentally healthy environment for its employees and others in addition to ensuring compliance with applicable Federal, State and Local Government laws, regulations and rules.

1. Our employees are our most valued assets, and we extend this to other project stake holders wherever we operate. All safety requirements must be met before engaging in any activity.

2. At JUSTO ZEAL we approach safety as a culture and aim to imbibe it across board - beyond our employment borders. Seeing of a project go back home safely to their families is something we cherish and roll out and enforce processes and guidelines to this effect.

3. The knowledge base we share within our teams and beyond have been useful in the proactive management of potentially hazardous events and this is why we do not treat safety reporting and general with levity.

4. With an active and lively safety department JUSTO ZEAL has been able to ensure it stayed on top of its game in s bi/i always keeping people and the environment safe.

PRODUCT

JUSTO ZEAL

5KVA IVEM

- Rated output power 5000VA/4800W
- 48V DC input
- built-in MPPT
- Supports parallel up to 6 units
- Dimensions: 200*30*50x30mm
- Weight: 11.5kg

6KVA IVEM

- Rated output power 6600VA/4800W
- 48V DC input
- built-in MPPT
- Supports parallel up to 6 units
- Weight: 11.5kg

12kVA IVEM (Three-phase)

- Rated output power 1280VA/4200W
- 48V DC input
- built-in MPPT
- Supports parallel up to 6 units
- Dimensions: 120x31.5*1482mm
- Weight: 110kg

10kVA IVPS

- Rated output power 1000VA/4800W
- 48V DC input
- built-in MPPT
- Supports parallel up to 6 units
- Dimensions: 100x11.5*1265mm
- Weight: 120kg

4KVA IVEM

- Rated output power 4000VA/4800W
- 48V DC input
- built-in MPPT
- Supports parallel up to 6 units
- Dimensions: 200*30*50x30mm
- Weight: 12.5kg

8KVA IVEM

- Rated output power 8000VA/4800W
- 48V DC input
- built-in MPPT
- Supports parallel up to 6 units
- Dimensions: 150*15*50x30mm
- Weight: 20.5kg

20kVA IVGM (Three-phase grid-tie)

- Three-phase
- Three-phase
- Lithium battery communication
- Supports parallel up to 6 units
- Dimensions: 200x31.5*106.4mm
- Weight: 200kg

10kVA IVPM

- Rated output power 1000VA/1000W
- 48V DC input
- Lithium battery communication
- Supports parallel up to 6 units
- Dimensions: 100x11.5*1485mm
- Weight: 128kg

Justo Smart Surveillance Solutions

1 JUSTO SMART 2MP DOME (JZ-D2CE76D0T-EXIPF)

- Resolution: 2MP x 150cm
- Lens: 2MP Inch
- IR Range: 300 Mpn
- Output types: Griltera, Wit/ Output
- IP Rating: IP

Resolution · Night Vision

2 JUSTO SMART 2MP BULLET (JZ-B2CE16D0T-EXIPF)

- Resolution: 2MP x 160cm
- Lens: 2MP Lens
- IR Range: 300 Mpn
- Output types: Griltera, Wic/ Output
- IP Rating: IP

Resolution · Night Vision

3 JUSTO SMART 2MP AUDIO-SIREN PTZ SIREN PT CAMERA (DS-2CE70D0T-PTLTS)

- Resolution: 2MP x 160cm
- Lens: 2MP Lens
- IR Range: 500 Mpm
- Output types: Dome & SIRI PT Types
- IP Rating: IP
- Mic/Audio: Feature

Nigirt Vision · Audio

4 JUSTO SMART 2MPJ LIGHT BULLET (JZ-2CE16D0T-LPFS)

- Resolution: 2MP IPP
- Lens: 2MP Lens
- IR Range: 500 Mpm
- Output types: Audio & WIC Input
- IP Rating: IP

4 JUSTO SMART 2MP LIGHT BULLET (JS-2CE76D0T-LFFS)

- Resolution: 2MP x 150cm
- Lens: 2MP Inch
- IR Range: 300 Mpm
- Output types: Grittera, Mic/ Audio
- IP Rating: IP

Resolution · Night Vision

5 JUSTO SMART 2MP LIGHT DOME (JZ-B2CE16D0T-EXPF)

- Resolution: 2MP x 160cm
- Lens: 2MP Inch
- IR Range: 300 Mpm
- Output types: Grittora, Wic/ Audio
- IP Rating: IP

Niglit Vision · Audio

6 JUSTO SMART 2MP AUDIO-SIREN PTZ (JZ-PT70D0T-PTLTS)

- Resolution: 2MP VPP
- Lens: 2MP Ircn
- IR Range: 300 Mpm
- IP rating: IP
- Mic/Audio: Feature

Night Vision · Audio

6 JUSTO SMART 2MP AUDIO-SIREN PTZ (JZ-PT70D0T-LPFS)

- Resolution: 2MP IIPP
- Lens: 2MP Tens schend
- IR Range: 500 Mpm
- IP rating: IP + 3.0
- Mic/Audio: Feature with Audio
